CABERNET SAUVIGNON

CALIFORNIA

Graham Nash – teach your children well? John Nash – A beautiful mind? Johnny Nash – the man in black? Everyone has a favorite superstar Nash. Ours comes from the warm and sunny vineyards of California.

WINEMAKING

Sourced largely from central California, namely Lodi & Clarksburg appellations, this wine is classically-styled California Cab. California has a moderately warm, consistent growing season, which allows the grapes grown here to spend a lot of time on the vine and develop nicely concentrated, layered, ripe flavors with excellent balance of structure, acid and fruit – year after year. Go big, and go bold.

TASTING NOTE

Nash Cabernet Sauvignon is expertly balanced, with an edge. Flavors of deep black fruit and warm spice support aromas of Bing cherry, cedar and blackberry, leading to flavors of juicy plum, raspberry and toasted oak spice on the palate. Enjoy with real winners – like perfectly grilled ribeye steak or seared flank steak tacos.
