

DRAGON RIDGE

OLD VINE ZINFANDEL
2021 • LODI

Lodi is one of the most storied growing regions of California's Central Valley, where wild vines used to grow along the river's edge. It's most well known for old, fortuitous vines that produce wines of strength and character. The mountain range to the east resembles a sleeping dragon, one that overlooks and protects the vineyards, often cloaked in early morning fog that burns to sun in the afternoon.

TASTING NOTE

This Old Vine Zinfandel is the stuff of legends. Concentrated blackberry flavors are accentuated by toasted oak and supportive tannins in this bold wine.
